Punch and Press Brake Toolroom Engineer

Factory • £14.80 to £15.80 /hr • Deadline: 30 Oct 2026

ABOUT THE ROLE

We are seeking a practical and motivated Punch and Press Brake Toolroom Engineer to support the effective management, maintenance, and preparation of tooling within our sheet metal production environment. The ideal candidate will have hands-on engineering experience, good attention to detail, and a strong understanding of tooling condition, accuracy, and safe working practices. This is an important support role, helping to keep production moving efficiently, reduce downtime, maintain quality standards, and ensure tooling is available, organised, and ready for use.

CORE RESPONSIBILITIES

- Maintain, inspect, prepare, and organise punch press and press brake tooling to support efficient production activity.
- Identify tooling wear, damage, or performance issues and carry out repairs, replacements, or escalation where required
- Support production teams by ensuring the correct tooling is available, correctly stored, and ready for planned work.
- Maintain accurate tooling records, stock levels, locations, and related documentation to support control and traceability
- Follow safe working practices, maintain good housekeeping, and contribute to improvements in tooling reliability and production efficiency.

ESSENTIAL SKILLS

- Previous experience in a toolroom, engineering, maintenance, CNC, fabrication, or manufacturing support role.
- Good practical engineering ability, with confidence handling tooling, measuring equipment, and technical
- A reliable, organised, and quality-focused approach, with good attention to detail and safe working habits

DESIRABLE SKILLS

- Experience with CNC punch press tooling, press brake tooling, or sheet metal fabrication equipment.
- Knowledge of tooling maintenance, sharpening, inspection, storage, and stock control processes.
- Ability to read engineering drawings and understand how tooling condition affects part quality, accuracy, and machine performance.

WORKING HOURS

Monday	7:30am – 4:30pm
Tuesday	7:30am – 4:30am
Wednesday	7:30am – 4:30pm
Thursday	7:30am – 4:30pm
Friday	7:30am – 2:00pm

Total: 31.5 hrs/week (paid)

COMPANY BENEFITS

- Competitive salary.
- Additional holiday entitlement linked to length of service.
- Company uniform and IT plus mobile device equipment provided where required for the role
- Access to a company discount scheme.
- Overtime opportunities available at competitive rates, where applicable.
- Employee referral scheme.
- Training and development support and Employee wellbeing package.
- Long service awards
- Planned company events and engagement activities.
- Access to a salary sacrifice electric vehicle scheme, subject to eligibility.
