

# Temporary Production Operative

Factory • £13.50 ph • Deadline: 30 Jun 2026

## ABOUT THE ROLE

---

We are seeking reliable and motivated Temporary Production Operatives to support our busy manufacturing teams during periods of increased demand. The ideal candidate will have a practical attitude, good timekeeping, and a willingness to support different areas of production as required. This is an important hands-on role, helping to maintain workflow, support quality standards, and ensure work is completed safely, efficiently, and to the required standard.

## CORE RESPONSIBILITIES

---

- Support production teams with practical tasks across the factory in line with business needs and daily priorities.
- Follow work instructions carefully to help ensure products are completed safely, accurately, and to the required quality standard.
- Assist with handling materials, preparing work areas, moving components, and supporting general production activity.
- Maintain good communication with team leaders and colleagues to support workflow, priorities, and safe working practices.
- Keep work areas clean and organised, following company procedures and reporting any issues with safety, materials, or product quality.

## ESSENTIAL SKILLS

---

- A reliable and practical approach, with good timekeeping and a willingness to work as part of a team.
- Ability to follow instructions accurately and work safely within a busy manufacturing environment.
- A positive attitude, good communication skills, and flexibility to support different production areas where required.

## DESIRABLE SKILLS

---

- Previous experience in manufacturing, engineering, warehouse, logistics, or another hands-on working environment.
- Experience using basic tools, handling materials, or working to production targets.
- Forklift, stack truck or other workplace training would be beneficial but is not essential.
